All forms must be submitted before September 18, 2009 or your choice is not guaranteed

From the President:

Please bear with us as we move towards the new electronic/web based registration form.

This is a paper version of the upcoming computerized form. Once we get fully automated by registration time this form will be more informative for your own personal use. The computerized version will do all the additions and totals.

New things to note on the form are:

From now on all your personal information will already be there so you will only have to select what you want to sign up for. (Please update any incorrect information).

The league names have changed to help the ice allocation committee better maximize ice use and save on expenses. (Note: all attempts will be made to keep night consistent with other years, unless demands require changes)

Starting this year members will be able to [sign up to selected leagues as a **team, couple or individual**](#) in a attempt to foster a more social environment
